- 2.1.1** The Client named in the Appendix to “ITC” will select a firm among those invited to submit a proposal, in accordance with the method of selection detailed in the appendix. The method of selection shall be as indicated by the procuring entity in the Appendix.
- 2.1.2** The consultants are invited to submit a **Technical Proposal** and a **Financial Proposal**, or a Technical Proposal only, as specified in the Appendix “ITC” for consulting services required for the assignment named in the said Appendix. ITC Technical Proposal only may be submitted in assignments where the Client intends to apply standard conditions of engagement and scales of fees for professional services which are regulated as is the case with Building and Civil Engineering Consulting services. In such a case the highest ranked firm of the technical proposal shall be invited to negotiate a contract on the basis of scale fees. The proposal will be the basis for Contract negotiations and ultimately for a signed Contract with the selected firm.
- 2.1.3** The consultants must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain first hand information on the assignment and on the local conditions, consultants are encouraged to liaise with the Client regarding any information that they may require before submitting a proposal and to attend a pre-proposal conference where applicable. Consultants should contact the officials named in the Appendix “ITC” to arrange for any visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 2.1.4** The Procuring Entity will provide the inputs specified in the Appendix “ITC”, assist the firm in obtaining licenses and permits needed to carry out the services and make available relevant project data and reports.
- 2.1.5** Please note that:
- (i) The costs of preparing the proposal and of negotiating the Contract, including any visit to the Client are not reimbursable as a direct cost of the assignment; and

The Client will respond by cable, telex, facsimile or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.

2.2.2 At any time before the submission of proposals, the Client may for any reason, whether at his own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex or facsimile to all invited consultants and will be binding on them. The Client may at his discretion extend the deadline for the submission of proposals.

2.7 Public Opening and Evaluation of Financial Proposal

- 2.7.1** After **Technical Proposal Evaluation**, the Client shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their **Financial Proposals** will be returned after completing the selection process. The Client shall simultaneously notify the consultants who have secured the minimum qualifying mark, indicating the date and time set for opening the **Financial Proposals** and stating that the opening ceremony is open to those consultants who choose to attend. The opening date shall not be sooner than seven (7) days after the notification date. The notification may be sent by registered letter, cable, telex, facsimile or electronic mail.
- 2.7.2** The **Financial Proposals** shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant, the technical scores and the proposed prices shall be read aloud and recorded when the **Financial Proposals** are opened. The Client shall prepare minutes of the public opening.
- 2.7.3** The **Evaluation Committee** will determine whether the **Financial Proposals** are complete (i.e. whether the consultant has costed all the items of the corresponding **Technical Proposal** and correct any computational errors). The cost of any unpriced items shall be assumed to be included in other costs in the proposal. In all cases, the total price of the **Financial Proposal** as submitted shall prevail.
- 2.7.4** While comparing proposal prices between local and foreign firms participating in a selection process in financial evaluation of Proposals, firms incorporated in Kenya where indigenous Kenyans own 51% or more of the share capital shall be allowed a 10% preferential bias in proposal prices. However, there shall be no such preference in the technical evaluation of the tenders. Proof of local incorporation and citizenship shall be required before the provisions of this sub-clause are applied. Details of such proof shall be attached by the Consultant in the **Financial Proposal**.
- 2.7.5** The formulae for determining the Financial Score (Sf) shall, unless an alternative formulae is indicated in the Appendix "ITC", be as follows:-
Sf = 100 X FM/F where Sf is the financial score; Fm is the lowest priced financial proposal and F is the price of the proposal under consideration. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T=the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + p = 1) indicated in the Appendix. The combined technical and financial score, S, is calculated as follows:- S = St x T % + Sf x P %. The firm achieving the highest combined technical and financial score will be invited for negotiations.

- 2.7.6 The Tender Evaluation Committee shall evaluate the tender **within 30 days from the date of opening the tender.**
- 2.7.7 Contract price variations shall not be allowed for contracts not exceeding one year (**12 months**).
- 2.7.8 Where contract price variation is allowed, the variation shall not exceed 15% of the original contract price.
- 2.7.9 Price variation requests shall be processed by the Procuring Entity within **30 days** of receiving the request.

2.8 Negotiations

- 2.8.1 Negotiations will be held at the same address as “**address to send information to the Client**” indicated in the Appendix “ITC”. The aim is to reach agreement on all points and sign a contract.
- 2.8.2 Negotiations will include a discussion of the **Technical Proposal**, the proposed methodology (**and work plan**), staffing and any suggestions made by the firm to improve the **Terms of Reference**. The Client and firm will then work out final Terms of Reference, staffing and bar charts indicating activities, staff periods in the field and in the head office, staff-months, logistics and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the “**Description of Services**” and form part of the Contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the assignment.
- 2.8.3 Unless there are exceptional reasons, the financial negotiations will not involve the remuneration rates for staff (**no breakdown of fees**).
- 2.8.4 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts named in the proposal. Before contract negotiations, the Client will require assurances that the experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.
- 2.8.5 The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the Client and the selected firm will initial the agreed Contract. If negotiations fail, the Client will invite the firm whose proposal received the second highest score to negotiate a contract.
- 2.8.6 The procuring entity shall appoint a team for the purpose of the negotiations.

2.9 Award of Contract

2.9.1 The Contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the **Financial Proposals** of those consultants who did not pass the **Technical Evaluation**. The bidder (s) with the highest Overall score (technical & financial) will be the winner of the evaluation process and will **be awarded a three-year contract renewable based on satisfactory performance.**

2.9.2 The selected firm is expected to commence the assignment on the date and at the location specified in Appendix ITC.

2.9.3 The parties to the contract shall have it **signed within 30 days from the date of notification of contract award** unless there is an administrative review request.

2.9.4 The Procuring Entity may at any time terminate procurement proceedings before contract award and shall not be liable to any person for the termination.

2.9.5 The Procuring Entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.

2.9.6 To qualify for contract awards, the tenderer shall have the following:-

- (b) Legal capacity to enter into a contract for procurement
- (c) Shall not be insolvent, in receivership, bankrupt or in the process of being wound up and is not the subject of legal proceedings relating to the foregoing.
- (d) Shall not be debarred from participating in public procurement.

2.10 Confidentiality

2.10.1 Information relating to Evaluation of Proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the Contract.

2.11 Corrupt or Fraudulent Practices

2.11.1 The Procuring Entity requires that the consultants observe the highest standards of ethics during the selection and award of the consultancy contract and also during the performance of the assignment. The tenderer shall sign a declaration that he has not and will not be involved in corrupt or fraudulent practices.

2.11.2 The Procuring Entity will reject a proposal for award if it determines that the consultant recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

2.11.3 Further a consultant who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.

Appendix to Information to Consultants (ITC)

The following information for procurement of consultancy services and selection of consultants shall complement or amend the provisions of the information to consultants, wherever there is a conflict between the provisions of the information to consultants and the provisions of the appendix, the provisions of the appendix herein shall prevail over those of the information to consultants.
